

INDUSTRIAL DIVERSITY

Schmeling Construction Co. is celebrating over 100 years of construction services. In that time, we have served a diverse spectrum of industrial client needs. Our reputation for honesty, integrity, excellence and commitment to customer services makes us your best choice for your next project, no matter what the size.

Services

Our project delivery systems allows us to be a part of your construction team from conception to completion. These include pre-construction consultation, design-build, construction management or conventional bid/build.

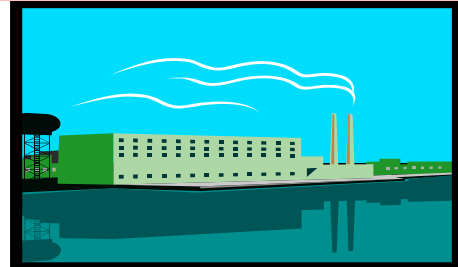

New Construction

Our industrial experience for new facilities ranges from heavy machine tool to high tech electrical component manufacturing. Whether it is an addition or a complete new facility, we can assist you in site location, design and, of course, the actual construction.

Remodeling

If you have an older facility and are thinking of updating, we can help you through your special needs of keeping your operation going while phasing our work to upgrade your facility. This work includes office remodeling, renovation for new equipment, in-plant logistical issues, and exterior updates. We can also perform site improvement including parking lots and sidewalks.

Specialty Needs

Quite often we are called into service for much more specialized needs in existing facilities. This work includes:

- Machine bases
- Floor replacements for special projects
- Loading docks
- Window replacement
- Quality control rooms
- Clean rooms
- Demolition and base removal
- In-plant offices
- Bathroom/locker room upgrades
- New doors including pedestrian, overhead, forklift, etc.

Our fourth generation company has grown because of a reputation for customer service. The ability to provide a quality product in a timely fashion, at a fair price is our goal.

The following is a partial list of our past industrial clients:

Apex Boring	Aquamatic, Inc.
Danfoss Drives	Essex Wire
Excelsior, Inc.	Greenlee Textron
Hydroline	J.L. Clark
Mattison Machine	Rockford Fastener
Rockford Products	Rockford Spring Co.
Sundstrand Corporation	Zenith Cutter Co.

If you are thinking about a new facility, remodeling or have a special need, contact us or see our new website.
