To Whom It May Concern:

It gives me great pleasure to offer this letter of reference on behalf of Schmeling Construction Co.

We recently worked with Schmeling Construction on our office renovation. The project was a complete demolition and rebuild of our 6,200 square foot office space located in downtown Rockford. The end result was a modern, beautiful space that fit all of our needs.

During this project Schmeling Construction was a dream to work with. They kept us well informed throughout the entire process and kept our best interests in mind. They were able to deliver on our tight time line, promptly addressed any issues and worked with us to achieve our budget goals. The professionalism and expertise of their team made this project go smoothly and I would work with them again in the future.

Schmeling Construction is the definition of great customer service!

Sincerely,
